

CLIENT TESTIMONIAL

BENEFIS HEALTH SYSTEM

Room Service, Point of Sale & Production Management

Professional. Accessible. Customer-Focused.

Our hospital has experienced significant growth, operational changes, and technology-related challenges over the past several years. Throughout it all, the DFM team has been an exceptional partner, consistently providing responsive, knowledgeable, and dependable support.

Whether responding to late-night calls, collaborating with our local IT teams, or taking the time to understand the unique needs of our department, the DFM team has consistently gone above and beyond. Their willingness to troubleshoot complex issues, advocate for effective solutions, and ensure our technology continues to support patient care has made a meaningful impact on our daily operations.

"The DFM team has earned our trust through their dedication, responsiveness, and expertise."

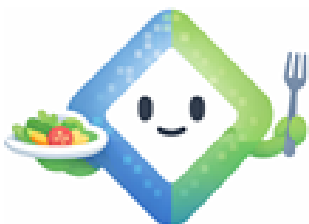

What has impressed us most is the team's professionalism, accessibility, and commitment to customer service. Every interaction reflects a genuine desire to help, and they consistently take the time to explain issues and solutions in a way that is clear, respectful, and educational.

No matter the size or complexity of the problem, we have always felt supported and valued.

The DFM team has earned our trust through their dedication, responsiveness, and expertise. Their partnership has been instrumental in helping our organization navigate change while maintaining reliable technology for our staff and patients.

We are sincerely grateful for their continued support and would highly recommend DFM to any healthcare organization looking for a knowledgeable, customer-focused technology partner.

The DFM Solution

Responsive Support

Available when challenges arise and committed to finding solutions.

Technical Expertise

Knowledgeable support for complex technology and operational needs.

Collaborative Partnership

Works alongside hospital staff and local IT teams to understand each organization's unique environment.

Commitment to Care

Reliable technology support that helps staff stay focused on delivering quality patient care.
